## Selectmen's Corner

The big news in the late fall was the local municipal elections where First Selectman Rob Simmons and Selectwoman Kate Rotella were elected to their second two year terms. As well, John Prue was elected to his first term on the Board of Selectmen to serve with Simmons and Rotella. All three have pledged to work together for the good of the Town, and from the looks of it, see photograph at right, they are happy and excited to get to work.

What appeared to be the best news of the quarter was the fact that the State of Connecticut finally approved a budget where the Town of Stonington will come away with a 3.7% cut. This is a dramatic reversal of the Governor's draconian cuts of state aide to our town of 100%. Town Aid Road (TAR) funds were fully restored as were the Local Capital Improvements Payments (LoCIP). There was a 5% reduction of Education Cost Sharing (ECS) which is substantially less than the 100% cut from the Governor, and the State Teachers Retirement costs of \$1.7 million have been removed completely from the Town.

Sadly, all of that good news changed in the interim. The State Department of Transportation just announced the cancellation of all TAR and LoCIP funding to Stonington and other towns in the region. Furthermore they said they are closing all Rest

Areas along I-95 to include the facility in North Stonington, which services visitors to our tourist facilities in Southeastern Connecticut. Education Costing Sharing (ECS) funds are also up in the air. The message is simply that Stonington is on its own when it comes to state aide.

Earlier in the year Mother Nature hit us with a big wind storm that dropped a lot of trees on roads and power lines. Fortunately no one was killed, injured or forced to evacuate their homes due to flooding. But the high winds did put almost 80% of residents out of power for about 24 hours. By the end of two days that

figure was down to 32%, and so forth. But for those in the dark, it was not fun.

Soon after, we were hit with a major snow storm over New Year's week. Once again there were some power outages but most residents were pleased with the fine work of our Highway Department in plowing our roads with newly acquired trucks and dispatching technology. As well, we implemented a new system of sharing information using the Town and Human Services Facebook page, the Police Department's Everbridge system, and the Stonington Community Forum. This way citizens were able to report problems and we could report progress which helped keep the community informed.

Another positive development was that the Town won the Connecticut Conference of Municipalities' (CCM) Municipal Excellence Award for creating a "Citizens with Autism Safety System." The system uses the Geographic Information System that makes it easier for public safety officials to find missing persons with autism. CCM granted the award at its annual meeting and also provided a \$1,000 check, see photograph above right.

In Pawcatuck Village, the good news is that the Walton Block has been sold for renovation after years of neglect. And the recent

passage of Pawcatuck Village 5 Zoning will provide incentives to property owners to invest in the downtown area. Looking ahead to 2018, the town will promote grand list growth with the Perkins Farm and Mystic Color Lab developments. We also look forward to building the Mystic River Boathouse Park.

In the coming year consideration will be given to Charter Reform. For over 350 years Stonington has used a three-person Board of Selectmen to run the town. Now with a population of 18,000,

a \$2.6 billion grand list, \$60 million a year budget, three sewer plants, five schools, two major tourist attractions and 2.5 million visitors yearly, it is reasonable to ask if we need a five-person Board, appointed professionals for Town Clerk and Tax Collector, and possibly a Town Manager.

Just this January the Town Board of Education voted to consolidate our middle school students into what has been Mystic Middle School building on Mistuxet Road. The Pawcatuck Middle School is slated for other uses and will no longer serve as a middle school. The vote to merge these schools was not an easy one but reflects the new economic and demographic realities of Stonington – student population is declining, costs of education are going up and state aid is uncertain at best. The merger will most likely take place in the fall of 2019 when the West

Vine Street and Deans Mill Elementary Schools are re-opened as newly renovated K-5 facilities. Thanks go to the Board of Education, the Education Department and the K-12 Building Committees for their excellent work to re-shape our schools for the future.

In closing, a recent op-ed described the challenges of managing the town without a state budget as “riding a roller coaster.” In spite of this challenge, however, the local leaders, public officials and private citizens of Stonington have risen to the challenge. Working together, we will get through these tough times.

## Changes to the July Tax Bills

First, a disclaimer. This article does not pertain to Pawcatuck or Wequetequock Fire District (FD) residents because we don't collect for them. Some taxpayers have already seen the combined Town and Fire District bills if they received a Motor Vehicle Supplemental bill in December. But beginning with the July 2018 billing, Town and Fire District Real Estate (RE) will be on one bill; Town and Fire District Motor Vehicles (MV) will be on one bill; and Personal Property (PP) Town and Fire District will be on one bill. So feasibly, instead of getting six bills, the taxpayer will only receive three.

The tax office has notified banks that Town and FD Real Estate bills will be on one bill with FD taxes still being paid in one installment in July. The taxpayer whose taxes are escrowed might also contact their banks to see exactly how this change will impact their escrow accounts because escrowed taxpayers will NOT be receiving a RE or FD RE bill. Typically, with other towns who have combined Town and Fire District bills, the banks pay both Town and

This change will save paper and reduce postage. There will be one total on each bill that will include both the Town and the Fire District amounts for RE, MV and PP. Please see the sample bill above. Like

any change, it will take getting used to. The tax office is still working through all the changes and we'll work with taxpayers and banks to help navigate through the change as well.

## 2018 Pavement Management

The Town of Stonington Department of Public Works maintains 113 miles of town-owned roads, 32 miles of sidewalks and over 1,600 drainage structures. We use two complementary approaches to keep our roads drivable: corrective maintenance (patching potholes, clearing culverts, vegetation management, and short-term preservation methods), and Pavement Preservation.

Pavement Preservation is a network level, long-term strategy that uses cost-effective road treatments to extend pavement

life. Treatments include rebuilding roads, laying new road surfaces, and preserving existing surfaces.

A list of roads is developed every year based on data provided in our Pavement Management System. The selection process takes multiple criteria into consideration, including pavement condition, type and amount of usage, design characteristics, as well as geographic distribution of projects. Pavement Preservation is a multi-faceted approach that includes preserving roads that are in relatively good condition and

improving roads that are in poor condition. We apply lower-cost preservation treatments such as Chip Seal to the roads in good condition, while dedicating funds to roads that are in need of more comprehensive treatments, such as a Full Depth Reclamation. This year the Department has a goal to complete a million dollars of road work if the funding is approved in the budget. This amount is needed to

maintain our current rating of a C+. Roadway infrastructure is an important investment and the Department is committed to support its preservation.

## L.U.N.C.H - Local United Network to Combat Hunger

### DO YOU HAVE A SONG IN YOUR HEART?

If you have a song in your heart and would like to use the power of music to help those in need in our community, the Mystic-based LUNCH Ensemble provides programs for students, ages 10 and up, to participate in music and drama productions to benefit local social services.

Kids get to work with nationally known songwriters and recording artists and perform in concerts and stage plays, with proceeds benefitting our region's social service programs. Our recording studio has released hundreds of songs with kids from our area schools that are available worldwide. We mentor and coach students in songwriting, performance, music technology, audition preparation, provide music lessons, and much more. Our programs meet most schools' requirements for community service hours.

LUNCH stands for "Local United Network to Combat Hunger." The programs are free and open to all. Visit: [www.lunchensemble.com](http://www.lunchensemble.com) for details, and contact us at: [info@lunchensemble.com](mailto:info@lunchensemble.com).

## Citizens with Autism Safety System (CASS)

Through the collaboration of several Town Departments, Human Services' Autism Parent Support Group and the Town's Geographical

Information Systems vendor, the Town of Stonington has developed an application to assist first responders in locating an autistic individual if they are reported missing by using available maps and information from the persons loved ones / family. The Citizens with Autism Safety System, CASS, uses a database of Stonington residents with autism who have

opted to have their family member listed to assist first responders in finding them quickly and safely should they go missing.

Every person on the autism spectrum is different, so listing each person's individual traits, triggers, likes and dislikes gives first responders the necessary information they need to approach, interact with and bring a missing person with autism to safety. The mapping software is important as many with autism are drawn to water. The map lists all water features within a half mile radius of the persons last known location. Beaches, rivers, streams, ponds, fountains

& swimming pools are among the water features that populate on the map. The map is cloud based which means it can be used by any device with an internet connection. This is useful for first responders who have a tablet, phone or laptop in the field during a search.

To register for CASS, please complete the form to the right, on page 13 of this Events Magazine (must include a high-resolution photo of the registrant) and return to: Stonington Human Services, 166 South Broad Street, Pawcatuck, CT 06379. Call 860-535-5015 for more information.

## READING WITH HERO

Did You Know... Reading to dogs can boost reading skills in chil-

dren as well as help with emotional and social skills. Programs in both school and public library settings are gaining in popularity because of these many benefits. Although we know of the many social and emotional benefits that programs such as this give to young readers, research studies are now showing how reading skills have actually increased for participants as well! <http://readingtodogs.weebly.com/research.html>

Hero is an 8-year old golden retriever who began his career with Mystic resident, Gleanna Doyle - his mom and trainer. His experience includes modeling for Sperry Topsiders at 10 months and, at 18 months, performing in the movie TED. He has since continued to perform as an actor in movies and commercials. Everywhere Hero goes he gives his whole heart and makes everyone happy! He is exceedingly generous and has a beautiful smile. His favorite activity is swimming and he loves to be at the beach and go boating with his family. Gleanna Doyle has trained dogs (and cats) for local families, as well as for TV and movies, for more than 25 years! More information can be found on: [rhodescollar.com](http://rhodescollar.com).

### JUVENILE REVIEW BOARD

The purpose of the Juvenile Review Board (JRB) is to provide an alternative to Juvenile Court for juveniles who have committed minor criminal violations in Stonington, and to assist youth who have exhibited problems in the home, school, and community. The goal is to provide a plan for each individual by utilizing community programs, services, and other resources, which will effectively deal with the particular incident, assist in positive development, and encourage responsible behavior.

### FAMILY WITH SERVICE NEEDS REVIEW BOARD

Families with children who are engaging in risky behaviors such as running away from home, school truancy, and defiance of family or school rules often rely on state operated programs to help address these problems. The state of Connecticut has defined such children and parents as a Family with Service Needs (FWSN). Beginning in 2005, Connecticut began

enacting a series of legislative, policy and procedural changes to address these issues. These changes were grounded in the belief that swift, community-based family services were the best approach for Families with Service Needs. The new approach to at-risk youth and families rejected the use of the justice system as the first response to FWSN cases. Research demonstrates that these behaviors are strong predictors of continued involvement with juvenile, criminal and child welfare agencies. Therefore, intervening with appropriate services at an early stage is crucial to reducing future involvement with the justice systems. Based on a need in the community, in 2015, Stonington Human Services and the Stonington Public School District, in collaboration with the Stonington Police Department, Juvenile Court and DCF, developed a Family with Service Needs (FWSN) Review Board. The purpose of the Board is to intervene and divert at risk children from the entering the court system. The Board recommends diversions that encourage positive, pro-social development, school attendance, family engagement and participation in community-based programs.

# Human Services - Social Services

How can Stonington Human Services help you? Call for more information or to make an intake appointment. During the appointment, you will be screened for a wide variety of federal, state and local programs that may be able to assist your situation. Home visits are available for housebound residents.

## STATE OF CT RENTERS' REBATE PROGRAM

State law provides a reimbursement program for Connecticut renters who are elderly or totally disabled, and whose incomes do not exceed certain limits. Persons renting an apartment or room, or living in cooperative housing or a mobile home may be eligible for this program. Rebates in the past couple of years have been reduced due to state budget cuts; it is our understanding at this point that the program will continue as in past years. The rebate amount is based on a graduated income scale and the amount of rent and utility payments (excluding telephone) made in the calendar year prior to the year in which the renter applies, which means you will need to provide documentation on income and housing expenses for 2017. Applications will be taken between April 1st and October 1st. Call 860-535-5015 for an appointment.

## UNITED WAY MOBILE FOOD PANTRY

Serving an average of 80+ area families each month, the United Way's Mobile Food Pantry makes a stop in the Stonington Human Services' parking lot\* on the first Monday of each month from 5 - 6 pm. The pantry is set up similar to a farmers' market and has a "no questions asked" policy. Those in need are asked to bring a photo ID and grocery bags. Call 860-535-5015 for more information, or if you have an interest in volunteering.

*\*Please note: The program takes place in the Stonington High School cafeteria from November-April.*

## ENERGY ASSISTANCE

Stonington Human Services has been a local fuel bank for almost twenty years, participating with Operation Fuel, TVCCA, and United Way energy assistance grant programs. Income guidelines for TVCCA's programs cap at 60% of the State Median Income (CHAP). A family of four, for example, is eligible if the total gross income is no more than \$66,089.00 (2017-18). It is important to note that liquid assets in excess of \$15,000 for home owners (\$12,000 for renters) are added to annual income in determining eligibility. Assistance amounts are based on established guidelines regarding family size and vulnerability.

### Please be aware of these important dates:

- Thursday, March 15th - Last day you can call for a fuel delivery;
- Tuesday, May 1st - Last day that you can apply to establish eligibility for benefits for the 2017-18 heating season;
- Thursday, May 31st - Last day you can submit bills for deliverable fuel that were incurred between November 9th, 2017 and March 15, 2018.

Residents with Northeast Utilities "metered" heating services (electric and natural gas serviced through Eversource) are also eligible for heating assistance. In addition, applicants who have been approved for the TVCCA program (both CEAP & CHAP) are eligible for the Matching Payment programs (MPP) offered by these companies. The program puts those qualified on a budget plan and will match all payments made during the winter heating month (November through April) dollar for dollar in an effort to reduce the customer's balance to zero. Human Services can help with these programs as well as a low-budget worksheet that may reduce the monthly payment even more. Once you are approved for the MPP, you will remain on the program with the same payment for 36 months, as long as you continue to make payments every month. Call us for more information or an appointment. ALL PAYMENTS MUST BE POSTED BY APRIL 30TH TO QUALIFY FOR THE MATCH. PAYMENTS MADE ON APRIL 30TH WILL NOT POST ON THAT DAY, SO BE SURE TO MAKE YOUR APRIL PAYMENT AT LEAST TWO WEEKS BEFORE THE END OF THE MONTH.

### SUCCESS FOR LIFE COACHING

Sustaining self-sufficiency is at the core of maintaining one's housing, employment, and self-esteem. But life coaching is not just about being self-sufficient. It is about self-assessment and commitment to be more, to be whatever you want to be. What's your dream? What's your "WHY?" Based on the values presented in Jack Canfield's "Success Principles" and facilitated by a Certified Canfield Trainer, this program is designed to help residents realize their dreams and ambitions.

*"If you can dream it, you can do it!" -Walt Disney*

### Are you ready to "take 100% responsibility" for your life and move yourself "from where you are to where you want to be?"

Call us for an appointment for information on this new and innovative program that offers you an opportunity to improve self-esteem, develop strong goal-setting proficiencies, and take the steps necessary to take control of your life and your future.

### SNAP OUTREACH

SNAP, the Supplemental Nutrition Assistance Program, is part of the nation's safety net against hunger. The program's debit card system allows for convenience and confidentiality. SNAP applications can be completed at CT's DSS site online and required documents uploaded (at [connect.ct.gov](http://connect.ct.gov)). Contact Human Services for more information or application assistance with the online process. Also, check out End Hunger CT's website at: [www.endhungerCT.org](http://www.endhungerCT.org).

Residents are also referred to the Pawcatuck Neighborhood Center's Food Pantry and WARM's congregate meal site, which are both supported with town funds.

In addition, United Way's Mobile Food Pantry sets up shop in the Human Services parking lot from 5:00 - 6:00 pm on the first Monday of every month (and Stonington High School cafeteria from November - March), offering fresh fruits, vegetables, meats, and more to residents in need.

### Medicare Insurance Counseling (CHOICES)

Are you confused about the difference between Medicare Part C (Medicare Advantage Plans) and supplemental insurance plans (Medigap Insurance)?

- Do you need help navigating through the various CHOICES in plans and services?
- Would you be interested in knowing if you are eligible to have your Part B premium (\$134/month) paid through the Medicare Savings Program?

- Did you know that you may be able to get half of your spouse's Social Security and build value in yours while you continue to work past your full retirement age?

**First and foremost, be careful!** Much of the mail you are receiving (if you are approaching retirement age) may look "official," but may actually be advertising. Seniors have reported getting phone calls from people they do not know soliciting "Medicare" programs. Be safe! Contact us for the information you need regarding your Medicare programs.

**Human Services has CHOICES counselors on staff** offering personal & confidential appointments for Stonington residents to discuss Medicare options, supplemental insurances, Medigap policies, HMOs, "special help" for Medicare Part D, Medicare Buy-in programs, state pharmaceutical programs, Social Security, and more. Home visits are also available for residents who are homebound.

### MEDICARE SAVINGS PROGRAM (MSP)

**You may be eligible to have your Medicare Parts B and D premiums paid for you!**

Medicare Part B, the part of your Medicare that pays your doctor's visits, out-patient testing, etc. costs \$134/month. Medicare Part D premiums for your prescription drugs vary depending on the plan you choose. Both are required unless the Medicare beneficiary has creditable coverage through employment, a retirement plan, VA, or other "credible" plan. The State of CT offers a program called the Medicare Savings Program (MSP) that will pay these premiums for income qualified seniors. The GROSS income limits for 2018 are \$2472/mo for an individual and \$3328 for a married couple. Approval into the program makes you automatically eligible for the Federal Low-Income Subsidy (LIS), which guarantees that your prescription drugs will never be more than \$8.35 per prescription (with generic drugs no more than \$3.35) starting in January 2018 and there is never a "donut hole" or open-enrollment period. Furthermore, the program offers seniors with monthly incomes under \$2120 (\$2854 for a married couple) supplemental insurance coverage and ensures that you never pay medical co-pays or deductibles. These incomes limits change every year in April, so be sure to check with us then for the new limit amounts.

**So, where can you apply?** Stonington Human Services has the application for this program, as well as trained staff to help. Because it is a "self-declared" program, the application is the only paperwork needed; DSS will check all income through the appropriate state and federal agencies.

**More questions?** Contact us at Stonington Human Services for more info, an application, or an appointment with a CHOICES counselor, who will explain program guidelines.

## Senior & Disabled Transportation for Stonington Residents

The Eastern CT Transportation Consortium, Inc. (ECTC) provides Stonington seniors, age 60+ (and disabled residents, age 18+) with medical transportation. The cost is \$24 for the fiscal year (7/1 – 6/30) for 48 one-way rides. These grant funds enhance the current transportation programs\* and provide Stonington residents with Dial-A-Ride transportation. They also reimburse caregivers for medical mileage expenses for those who have access to a driver. The Dial-A-Ride grant funding will provide transportation for residents to medical trips within New London County and Westerly. Transportation will be available 24 hours a day, 7 days a week. Please contact Human Services at: 860-535-5015, for further information or to register.

A maximum of three books per month per enrollee can be purchased. Contact Human Services to obtain an application.

### YELLOW DOT PROGRAM

TRIAD is a national cooperative effort of law enforcement agencies (police/fire/sheriffs), senior citizens, and senior organizations, focused on reducing crimes against our most vulnerable citizens: our elderly population.

This national TRIAD initiative affixes a yellow dot in the car's rear window to alert emergency response personnel to senior drivers' and passengers' medical information stored in the vehicle. Information is also utilized to alert emergency personnel of the senior's family members whose care may be dependent upon the senior, such as a homebound spouse.

Call Human Services for an appointment to register or for information on upcoming Yellow Dot events.

### FILE OF LIFE

#### Store vital medical information on your refrigerator!

Emergency personnel are alerted by a magnet on your refrigerator, enabling them to access your medical information, even if you are unable to communicate. File of

Life packet magnets are available at Human Services - free to all residents.

**Important Note:** Be sure to update your Yellow Dot and File of Life information as your medical needs and prescription drugs change.

### CT HOME CARE FOR ELDERS

This CT Department of Social Services program assists the elderly by providing the support services needed so they may remain in the community, rather than in a long-term care facility.

"To be eligible, applicants must be 65 years of age or older, be a Connecticut resident, be at risk of nursing home placement and meet the program's financial eligibility criteria. To be at risk of nursing home placement means that the applicant needs assistance with critical needs such as bathing, dressing, eating, taking medications, toileting. The CHCPE helps eligible clients continue living at home instead of going to a nursing home." (Source: <http://www.ct.gov/dss/cwp/view.asp?a=2353&q=305170>).

# Stonington Volunteer Ambulance Has a New Crew Member: LUCAS 3

In January 2018, Stonington Volunteer Ambulance Corps, Inc. (SVAC) took delivery of a LUCAS 3 Mechanical CPR Machine. The addition of the LUCAS 3 allows both ambulances operated by SVAC to house a LUCAS device.

The purchase of this device was made possible by the members of the Stonington community through SVAC's annual appeal and other donations. Special thanks is given to one anonymous resident who passed away in 2017 and named SVAC in their estate. In addition, a generous grant from the Chelsea Groton Foundation provided the final funding to purchase this device.

## WHY DO YOU CALL IT A "CREW MEMBER?"

**The answer is simple:** it takes the place of a full rescuer in the CPR process. The LUCAS' only job is to provide CPR

compressions. The LUCAS device does not get tired, and every compression is identical to the last.

## SO HOW DOES IT WORK?

The LUCAS device is a battery powered device which is attached to a victim of cardiac arrest. The device uses a soft pad to apply pressure to the chest evenly, at a constant rhythm. The result is consistent CPR compressions. The LUCAS device stays attached to the victim until arrival at the hospital or the return of spontaneous circulation (ROSC). The higher quality compressions in combination with the rescuers' ability to perform other life-saving measures allows for a higher chance of survival.

The LUCAS device is one of the most important tools in SVAC's toolbox. However, it is important to note that the LUCAS device is a tool, and not

a lifeline. SVAC rescuers are well-trained and have the ability to provide high-quality compressions to a patient if the LUCAS cannot be used.

## CAN I HELP BEFORE SVAC ARRIVES?

**Absolutely!** One of the most important interventions during cardiac arrest is early compressions. This means the most important thing you can do, other than calling 911 immediately, is hands-only CPR. We encourage everyone to search for a "hands-only CPR" video online and learn this vital technique. If you want to learn from an expert and earn a certification, please reach out to SVAC at: 860-535-2731 or stoningtonambulance@gmail.com.

# Vista Artists Gain Exposure at NY Fashion Week

Artists of Vista Life Innovations, a community-based education program supporting the personal success of individuals with disabilities, were among the more than 25 international artists whose work was selected to be featured during New York Fashion Week.

Six original works by Vista artists, including solo and collaborative pieces, were on display at the Art Hearts Fashion New York Fashion Week events Feb. 8 -11 at the Angel Orensanz Center. Individual works by Vista artists Cara Sprouls, Vito Bonanno and Thomas O'Neil were

featured along with two collaborative group projects.

“Vista constantly strives to push boundaries in order to build greater acceptance and understanding for individuals with disabilities,” said Vista CEO Helen Bosch. “Having Vista artwork fully integrated and celebrated as part of New York

Fashion Week not only allowed us to push boundaries, it demonstrated the incredible unifying power of the arts.” A premier platform for designers and artists alike to showcase their collections, Art Hearts Fashion shows—hosted annually in New York, Los Angeles and Miami—are curated by Six Summit Gallery in Ivoryton, one of Vista’s community partners.

Having showcased Vista artists in several exhibits at Six Summit Gallery over the years, most recently the “Wonderland” exhibit, Owner Leo Feroletto invited Vista to participate in New York Fashion Week.

“I’m a big believer in inclusion,” said Feroletto. “My history as a gallerist is a bit eclectic in that I show art in multiple venues with a broad range of talent and price point. Art Hearts Fashion is an equally eclectic and inclusive platform. It was a perfect fit.”

*Vista Life Innovations is a 501©3 nonprofit organization accredited by the National Commission for the Accreditation of Special Education Services (NCASES). With campuses in Madison, Westbrook and Guilford, Vista’s mission is to provide services and resources to assist individuals with disabilities achieve personal success.
