TIME OF RESILIENCY

I want to thank all Clinton residents who have made safe practices part of the new normal as a result of the coronavirus pandemic. Elbow bumps have replaced handshakes and masks are part of our daily attire. Virtually every aspect of our lives have been affected by this challenge. However, it has also been a time of resiliency and shown the strength of the Clinton Community.

The efforts of all of our professional first responders deserve recognition as they continue to meet the emergency needs of the community at a time of heightened risk. Many in the business community should also be thanked for their small acts of kindness that make our community. Cedar Island Marina and Kenyon donated masks to local first responders and others making it easier for them to do their job to protecting us all. Local manufacturers like Bausch Advanced Technologies, partnering with SCA Pharma, compounded more than 2,500 bags of alcohol based hand sanitizer now being donated at no cost to first responders and front-line healthcare workers in Connecticut fighting COVID-19.

We have all had to make changes – which may have tested our normal patience. We are not alone in having to make regular changes.

Town meetings have moved to a virtual platform which allows for public participation and for important business to be conducted. Meetings can be joined online or by phone. Each meeting agenda includes instructions for the public to participate. Recordings of the meetings are also available on the Town's website.

The Governor took action which prevented the annual budget referendum from happening this year. However, the Town Council still had its public hearing on May 6 and took additional steps to increase transparency in the budget process for the benefit of the public.

Additionally, recognizing that many residents are experiencing financial hardships now and the economic uncertainty that has come with the pandemic, the Town Council unanimously approved a low interest program for local taxpayers to provide some relief to those that will be challenged to pay their local property taxes on time.

Community Comes First - Helping Families in Clinton

organization taking care of our most at-risk families by providing diapers, wipes, and other essentials to families in Clinton and the surrounding area. We salute the many individuals, groups, and businesses who always support their work through local diaper drives. "Bravo and Thank You!" We also offer a "Round of Applause" to Ted Rossi of the Rossi Family Foundation Trust who asked the Community Foundation to partner with him in distributing surgical masks to those organizations that help those in need. The Community Foundation is proud to "connect-the-dots" to Bare Necessities. Thanks to the Rossi Family Foundation Trust's generous and caring ways, Bare Necessities will add important and critical face masks to their diaper distributions. "Bravo" to the Rossi Family Foundation Trust and to Bare Necessities! Bravo to all in Clinton! Community really does come first, now more than ever.

We are also incredibly grateful to all who have stepped forward to support our Live Local Give Local Emergency Fund. Thanks to your wonderful generosity, we are supporting our area food pantries and social service departments in meeting the increased community needs during this unprecedented event. Grants to the Shoreline Soup Kitchens & Pantries, to the Town of Clinton Social Services Department, and to Families Helping Families will provide a much-needed lifeline and will ensure our neighbors have access to food and other essentials.

We are humbled by the many "Great People Doing Great Things" throughout Middlesex County. The Community Foundation of Middlesex County is honored to be a community resource, to "connect-the-dots," and to work to enrich the quality of life for everyone today – and forever. We are committed to serving our community in three ways: with donors as partners for giving and a resource for information about local needs; with nonprofit organizations as a source of grants and technical assistance; and with the community at large as a force committed to helping our towns thrive over the long term.

The Community Foundation of Middlesex County's interests are your interests, including animal welfare, arts and culture, health and social services, education, history, the environment, civic improvements, recreation, and economic security and opportunity. To learn more, call us at: 860.347.0025 or visit us at: MiddlesexCountyCF.org.

At the Community Foundation of Middlesex County, we only know "Great People Doing Great Things." It's not surprising then that during the COVID-19 pandemic, community comes first! Incredible people, businesses, and nonprofits are working to help our families every day. Clinton's response to its residents proves that together we are stronger, and we will thrive throughout this unprecedented event.

Simple and random acts of kindness abound in our area - and they make such a huge difference. One example of such a gesture is helping Bare Necessities in an unexpected way.

Bare Necessities is a volunteer driven organization taking care of our most at-risk families by providing diapers, wipes, and other essentials to families in Clinton and the surrounding area. We salute the many individuals, groups, and businesses who always support their work through local diaper drives. "Bravo and Thank You!" We also offer a "Round of Applause" to Ted Rossi of the Rossi Family Foundation Trust who asked the Community Foundation to partner with him in distributing surgical masks to those organizations that help those in need. INFORMATION REGARDING THE CLINTON FAMILY GOLF CLASSIC EVENTS June 22, 2020

These unsettling times are very difficult for everyone, but fortunately we live in a community that is strong and supportive. Over the years, the Clinton Lions Club and the Clinton Education Foundation have supported the community by providing scholarships and grants for students and teachers, funding for the DARE program, and support for Families Helping Families events. Much of the resources for this support has come from our annual golf tournament, the Family Golf Classic, held each June at the Clinton Country Club. We are grateful to all of the local businesses that have contributed to this tournament over the years through sponsorships and donations for our raffle and silent auction. This year, we have decided to cancel the tournament. We understand the stress that the pandemic has put on our community, and we feel it is not the time to ask businesses for donations and sponsorships. Instead, we want to thank each of these businesses for their endless support, and it is our hope that our small community will come together to rally around our local businesses now and in the months to come, especially in light of all the support they have shown our organizations for many years. We look forward to bringing the tournament back next year!

Also, November 3, 2020 elections are coming up. If you plan to be away at that time, you can apply for an absentee ballot beginning in August at the Town Clerk's office or by downloading the application from the Secretary of the State website, www.sots.gov. Click on Elections & Voting. Send application to Town Clerk, 54 E. Main St., Clinton, CT 06413. If you should have any questions call the Town Clerk's office or email townclerk@clintonct.org. Absentee Ballots will become available October 2, 2015.

PERMANET ABSENTEE BALLOT FOR DISABLED
Public Act #11-173: A disabled elector can file an Absentee Ballot Application together with a doctor's certificate stating that they have a permanent disability and are unable to appear in person at their polling place to obtain Permanent Absentee Ballot status. The law does not prescribe an official form

to be used so a note from the elector's doctor, presumably on letterhead, indicating the disability would satisfy this requirement.

Once the Application and doctor's certificate are received by the Town Clerk a copy will be provided to the Registrars of Voters to record on the Voter Registration Systems. Absentee Ballots will then be automatically mailed to the elector from the Town Clerk's office for eligible elections that allow for an Absentee Ballot to be mailed.

The Town Clerk will send an annual written notice in January of each year to determine if the elector continues to reside at the address on their Permanent Absentee Ballot Application. If there is no response from the elector, the elector will be removed from the status.

Additional information can be obtained by contacting the Town Clerk's office at 860-669-9101, Monday to Wednesday 9:00am to 4:00pm, Thursday 9:00am to 7:00pm and Friday 9:00am to 12:00 noon or email: townclerk@clintonct.org

Families Helping Families

There are not enough ways to say thank you to the many, many Clinton people who have sent donations to Families Helping Families since this crisis started. There hasn't been one day when we haven't received multiple donations. When someone asks us what we like about Clinton it's the people that make our town so very very special. You have responded again and again and we are in awe of just how much you are willing to share your resources with the children and families of Clinton.

We are stewards of your donations and as such we thought we should report to you exactly how your donations are being used. We have partnered with a wholesale food distributor to provide needed food for The Clinton Food Pantry on a weekly basis. Through this partnership we have been able to buy more food at better prices. We have also found some online sources which have better prices than our local grocery store. Through the month of April your dollars helped us deliver 9,405 pounds of food.

During this difficult time we all are experiencing, our pledge and promise to you is that we will continue to serve our community with all of our passion and compassion. If you would like to help us in our mission to make sure there is sufficient food for every Clinton family you can donate online at fhfclinton.org or send a check to FHF P. O. Box 166 Clinton, CT. 06413. We again thank you for the faith and confidence you have placed in Families Helping Families.

The Probate Court and You

A little known, and rarely used function of the Probate Court surfaced with this spring's daffodils at precisely the same time the COVID-19 pandemic blossomed in Connecticut – the court's jurisdiction over appeals of quarantine and isolation orders.

This facet of the court's authority is rarely seen because it typically comes into play in very specific and infrequent circumstances. Nevertheless, during a public health emergency, the Commissioner of Public Health may issue an order of isolation or quarantine to a person who: 1) is reasonably believed to be infected or exposed to a communicable disease such as COVID-19; 2) poses a significant threat to public health; and the Commissioner believes that quarantine or isolation is the least restrictive alternative to protecting and preserving public health. When Governor Lamont declared a public health emergency on March 10, 2020, he authorized and directed the Commissioner of Public Health to delegate its powers to order isolation or quarantine to local and regional public health directors, as its agent.

Quarantine refers to the physical separation or confinement of a person who has been exposed to a communicable disease, such as COVID-19, in order to prevent transmission to the general public.

Isolation refers to the physical separation or confinement of a person who is infected with a communicable disease in order to prevent or limit the transmission of the disease to the general public. As Connecticut residents realized that COVID-19 infection could have severe consequences, including death, many residents voluntarily went into quarantine or isolation when they became aware of their own personal exposure to COVID-19, experienced symptoms of COVID-19, or received a positive COVID-19 test result, without the need for orders from local health directors.

During a public health emergency, individuals who receive orders of isolation or quarantine, and believe them to be inappropriate, have the ability to appeal the order to the Probate Court for the district where the individual is isolated or quarantined. The Probate Court holds a hearing within 3 days of receipt of the appeal. The request for the hearing does not automatically stay

the quarantine or isolation order. Because of the inability to practice proper social distancing during an appeal hearing, each Probate Court has secure video conferencing capability to allow the individual subject to the isolation/quarantine order to participate in the hearing.

Clinton Art Society Starts Virtual Programming

PROGRAMMING SCHEDULE CHANGES

Contact: Liz Egan, President; cell: 860-669-4487

E-Mail: casclinton@gmail.com

In response to the coronavirus and COVID-19 outbreak, Clinton Art Society has developed online virtual programming to safely present the arts to Shoreline community and its membership.

Originally scheduled through April 30, the Annual CAS Annual Member's Exhibition was extended through May 28. Artists may safely pick up their work on Thursday, May 28 at Andrews

Memorial Town Hall, 54 East Main Street, Clinton, where masked and gloved volunteers will distribute work at the Green Room Door. "If artists bring a storage bag or carry device, they can just open the bag and volunteers will place it inside, almost like Trick or Treat Art Pick-Up," said Liz Egan, President of Clinton Art Society.

To help bring art to the Clinton Art Society membership and the community, CAS has initiated a weekly online Art Share & Critique using ZOOM Meeting technology. Artists may e-mail any .jpg of their work to casclinton@gmail.com. CAS will reply

This is the time for us to join together. Let's put our hearts and dollars to work for the benefit of all in Middlesex County.

with the Meeting ID and Password for the Meeting, and, if needed, step by step directions for accessing and using the software. Using the “Share Screen” feature, participants can see the art works as they are presented for review. Guest artists discuss that week’s works providing insights into specific aspects of composition, color, and design. These remarks are followed by participant discussion. All paintings submitted to CAS by Wednesday at 5pm are reviewed at that week’s critique.

Beginning Thursday, May 28, CAS will begin its bi-monthly Virtually LIVE Demonstration Series with acclaimed artist Frank Bruckmann. The demonstration will feature a live how-to segment and an interactive Q&A segment. Frank Bruckmann will demonstrate color-mixing, painting, and best practices in a unique format that focuses on the artwork. “Participants can watch him create and talk through this process,” Egan remarked. Online audience participants will see a painting created close-up, through the eye and vantage point of the artist. “You can never see that at a live in-person demonstration sitting in chairs in a row.”

Clinton Art Society is excited to announce that its 71st Annual Summer Juried Exhibition will have Virtual and Active compo-

nents. “We are working together with the Town of Clinton leadership to see which aspects of the exhibition can be at Andrews Memorial Town Hall and which will only be online,” said Egan. Our Board is planning to make the most creative, quality Exhibition we can,” she added, “with some fun and exciting ways for our community to safely access Exhibition program online and in person.”

A prospectus for the exhibition will arrive in mailboxes, e-mail, and be posted to the organization’s website casclinton@gmail.com by the end of May. Interested artists may submit their work digitally anytime before July. CAS Board members will be available to provide guidance and support to enable as many artists to participate. An artist does not need to be a CAS Member to participate. Works will be juried virtually by Cynthia Cormier, Director of Museum Education at the New Britain Museum of American Art. \$2,000 in prizes will be awarded by the juror.

Clinton Art Society will post updates to its schedule to the website: www.clintonartsociety.info. For information and to arrange a tutorial for audience and artist participation contact Liz Egan at 860-669-4487 or e-mail casclinton@gmail.com.

The Clinton Parks & Recreation Department

We sincerely hope that you and your loved ones are staying healthy during the current global crisis that has impacted our families and our community so dramatically. While we are hopeful we will be able to provide our camps this summer it is all contingent on any restrictions that may/may not be put in place due to COVID-19. Unfortunately, due to the timing of the camp and number of kids involved Parks & Rec, in conjunction with Mrs. Skidmore, has decided not to hold Ecology Camp this year. We look forward to offering it next year. At this time, we are still planning on opening the beach this season on June 20th with some restrictions and guidelines. The concession stand at the beach will be open and serving food and drinks. We will continue to update our website and Facebook page with any changes as they are made.

Kids Kitchen Summer Cooking Camp

Kids' Kitchen summer cooking camp is a unique culinary experience, which offers cooking classes to children in a safe environment that will encourage discovery and creativity. Students sharpen their skills by employing the mantra "Mise en Place" which, in the cooking world, translates into "Everything in its place". Kids' Kitchen offers kitchen safety, proper food handling, food preparation, cooking, baking techniques, presentation and so much more! As parents, we look for summer programming that will capture our children's imagination, entertain their senses and stretch their learning. As kids, we look for summer programs that are FUN!

Clinton Community Comes Together Over Bikes

Bicycling with the family has never been more popular. Since 2016 Paul "The Bike Guy" Egan has been repairing, refurbishing, and donating bicycles to adults, children, and families along the Shoreline.

Since his partnership with Clinton Families Helping Families, "The Bike Guy" has he is locally known, has given away over 720 bicycles. In addition, Egan offers free repairs.

The entire Clinton and Shoreline communities have contributed to the success of The Bike Guy. The stipend from Clinton Families Helping Families helps Egan buy parts, helmets, and other materials needed to transform used bikes into new treasures. Families "trade in" outgrown bikes and bikes unearthed during Spring Cleaning.

about 20 repairs. As of May 1, he has already given away 170 bikes and done 24 repairs, anticipating that 2020 will more than double last year's total. With this increased demand and need for certain bikes that he didn't have, The Bike Guy reached out to the Old Saybrook-based organization Bikes For Kids. They have helped augment specific requests from community members. While periodic donations of large quantities of bikes do happen,

Egan relies on the generosity of community members to donate their unwanted bikes rather than throw them out. "Whether I strip them for parts or refurbish them to give away, every bike donation is important," said Egan. "I have been so busy now, I often work on bikes that have been donated and given them away in the same day."

All bikes from The Bike Guy are free of charge. The Bike Guy also does free repairs. For more information on how you can donate a bike, contact Clinton Families Helping Families at www.fhfclinton.org or call/text Paul "The Bike Guy" Egan at 860-304-7345.
